

PLEASE HELP US KEEP OUR **SWIMBUDDIES** SAFE

Swimmers can come swim ready or can use the changing rooms provided.

Please queue to the right of the pool entrance door in the seating area 5-10 minutes before the start of your lesson. Your teacher will come and get you.

Parents please do not use your phones around the pool, however please do cheer on your child from the seating area

GETTING CHANGED

Please use the correct changing area before entering / exiting the building (Adult females to use the female changing rooms and adult males to use the male changing rooms).

TAKE A SEAT

Please take a seat in the seating area if there are any chairs available and do not crowd the doorway to the changing area.

END OF THE LESSON

You can collect your child straight after your swimming lesson at the rear poolside changing room doors. Please head towards the changing rooms promptly, this will help the next set of swimmers get into the water on time. You are welcome to use the changing rooms, showers and toilets. Please do not dress your child in the seating area, as this will delay any spectators needing a seat to watch the next lesson.
